

UPenn Nursing Education Building Roof Garden

Location: Philadelphia, Pennsylvania

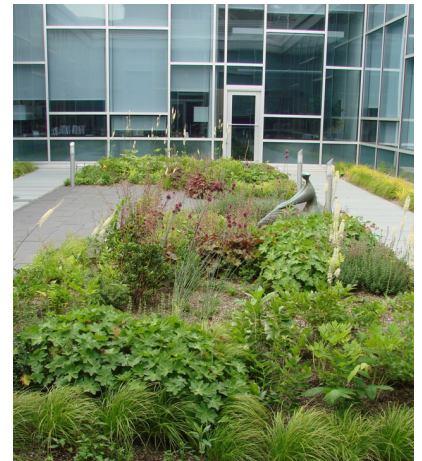

Client: University of Pennsylvania

Size: 1700 square feet

Cost: \$100,000

Status: 2008 to present

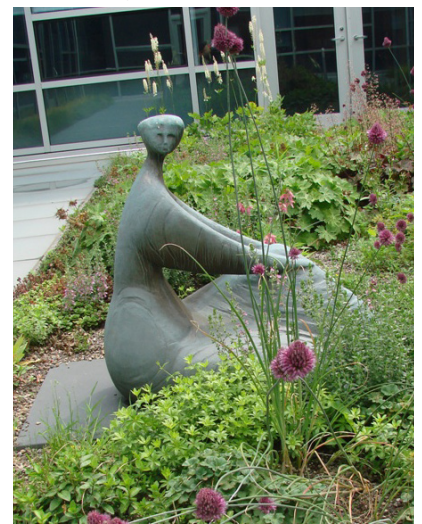

Viridian Landscape Studio worked with SMP Architects and Roofscapes to create a lush refuge for students and staff on the fourth floor courtyard of The Nursing Education Building at the University of Pennsylvania. The plant palette consisted of primarily native plants creating a garden that reflected the natural character of the region.

A visitor to the garden
